Omega Ingredients is all about "Natural" and specialise in the innovative fusion of biochemistry and natural materials. Our kiiNotes® Extracts range are "100% Pure and Natural" provenance driven ingredients for innovative creation. This range is manufactured from natural materials via ethanol / water extraction and declared as "Flavouring Preparation" according to Regulation (EC) No. 1334/2008.. By working in partnership with carefully selected producers, we continue to develop an ever increasing range of kiiNotes® Extracts supported by full suite of technical data. Our due diligence is further enhanced with a range of external accreditations, such as BRC Global Food Standard Grade AA, ISO9001, Home Office and Customs & Excise certifications ensuring controlled management and continuous improvement across the business for all products.
